

Requirements include:

- Comprehensive knowledge of Romanian accountancy system and relevant related experience. Ideally a certified accountant (CECCAR member) that can also sign the financial statements and all submissions to the fiscal authority;
- Strong experience in managing the accounting / financial department of complex companies (having SH/bank loans, developments, collaboration with EU suppliers, etc.) with at least 300+ strong staff and above 20-30M EUR turnover;
- IFRS understanding and ability to convert / adjust the Romanian financials (trial balance, balance sheet, P&L etc.);
- Very strong analytical skills to be able to support various reporting needs (financial reports in excel + related presentations in PowerPoint);
- Knowledgeable in accounting software (ideally SAP and Scala);
- Professional English (international environment);
- Previous experience in the hospitality industry and/or real estate would be a plus.
